Maine Pottery Tour Registration - \$50

Listing Tech Support - \$75

For those who would rather not update or create their own listing on the website we are offering a service where we will do the technical work for you. You will still need to provide the information and images (you can text or email us) but we will update or create your listing, add your images to Dropbox and assist you with the technical parts of being on the tour.

Photography Workshop - \$75

March 1st beginning at noon: Bob Wieggers from Bay View Media will provide professional photographs of 3 of your pottery or ceramic pieces. Additionally we will have some tech savvy volunteers there to help participants with technical and website listing questions. It will be held at Priority Learning, 707 Sable Oaks Drive Suite 040, South Portland. It's a great location with plenty of parking (on the first floor, use the back entrance); it's close to the Maine Mall, Turnpike and I-295.
